

— HANDCRAFTED IN TÜRKIYE

The Macramé *Palm Tree.*

A hand-knotted palm that turns a poolside, a beach club — or a lobby — into a statement. Our most-loved signature piece.

MADE TO ORDER · CUSTOM HEIGHTS & COLOURS
OUTDOOR-READY · SHIPPED WORLDWIDE

— THE SIGNATURE PIECE

A tree that took *weeks to grow.*

Each palm is knotted entirely by hand from natural cotton cord over a steel core — fronds layered one row at a time until the silhouette stands on its own. No two are exactly alike.

It began as a one-off for a beach club and became our signature. Today we make it to order for resorts and hotels around the world — from an intimate 1.5 m to a landmark 8 m — at the height, palette and finish each space calls for.
